- ◆ Trail Construction training will begin in April

Treasurer's Balance : \$ 1,330

RECENT HIGHLIGHTS:

Brain Levo helped with Ordinance changes and getting the greenway map on the Highlands web site during the fall of 2007

We are investigating trailside benches See picture below. They will be manufactured by the AmeriCorp group at the LBJ center in Franklin and installed for about \$65 each.

We have succeeded in becoming a non-profit in North Carolina and have applied for our 501 c (3).

Our efforts to establish an outdoor classroom and board walk near the Highlands school has been frustrated by a neighboring landowner.

In our fund raising efforts we have applied for an Adopt-A-Trail grant with NC DNR for trail construction tools. We will be asking the town for a matching amount on February 6.

Please note our new logo in the upper left corner. Our thanks to Karen Hawk for the great design.

Please call Hillrie Quin at 526-2385 if you are interested in trail scouting or trail construction training.
